Tutoring / Individualized Instruction for Adults & Children

General Info: Class tutoring and private instruction may be arranged with GAI instructors through the Language Services program. Lessons and curriculum are tailored to the individual needs of the client to meet specific language goals. Tutoring may take place at the Germanic-American Institute or at another location that is mutually agreeable to the client and tutor. Meeting times may vary and are decided on a per lesson basis between the tutor and client. One lesson may be shared by up to 3 people at no additional cost.

All of our instructors are native or native-like speakers who have training and experience in teaching German as a Foreign Language. Our clients range from absolute beginners to advanced speakers who seek to perfect their German.
